### 15 Ways To Fail At

But all of that can be undone in an instant if you share the wrong things. Send out a misguided update and you can quickly turn people off, reversing your work to establish a connection. Yet, it still happens, brands still tweet out updates that are tone-deaf, or they simply fail to adhere to basic social media best practices.

We all want the students we work with to be successful; however, it would be foolish to think that they will never fail. We don ' t want students to fail more, but if (and when) some of them do fail, we want them to fail better. Helping them fail better isn ' t negative; if anything, it may be one of the most positive skills we could teach them.
