Wiring Diagram Manuals Airbus

The Airbus A320 family are narrow-body airliners designed and produced by Airbus. The A320 was launched in March 1984, first flew on 22 February 1987, and was introduced in April 1988 by Air France. The first member of the family was followed by the longer A321 (first delivered in January 1994), the shorter A319 (April 1996), and the even shorter A318 (July 2003).

Airbus A320 family - Wikipedia

Problem with the LH-A320 was the following : Airbus had different wiring layouts on the same a/c, depending on serial number. The sidestick connector has 164 pins, whereof 4 were interchanged, the 2 wires for the roll input and the 2 associated control channels. This layout would have been correct for a A320 with a different serial nr.
