This work, Ancient Greece: From Prehistoric to Hellenistic Times, manages to be relatively comprehensive while also being short enough to take a few days to get through. The information is solid, the writing is clear, and the way the book is written helps a great deal with retention, considering the complex subject matter.

their prominence in mythological and historical texts; however, they were never exclusive to Greece, and although they are recorded as an Egyptian introduction, it is known that many of the Oracle sites were shrines to the mother-goddess or Gaia, before they were converted to the more traditional Sybilline sanctuaries. Herodotus repeated what he was told by the priestesses of Dodona, the first Greek oracle, concerning its ...
