Development and Social Change: A Global Perspective ...

Freire's bold vision of development goes hand in hand with a clear vision of what kind of social change he envisaged. There is a normativity in his perspective of social change, and it is connected to the goal of breaking the asymmetries and to the method of touching ground with action and reflection.

Freire's vision of development and social change: Past ...

Social change can evolve from a number of different sources, including contact with other societies (diffusion), changes in the ecosystem (which can cause the loss of natural resources or widespread disease), technological change (epitomized by the Industrial Revolution, which created a new social group, the urban proletariat), and population growth and other demographic variables. Social change is also spurred by ideological, economic, and political
