Extrastatecraft: The Power of Infrastructure Space by ...

Extrastatecraft turns out to be a survey of the state of supranational infrastructures. Things like free trade zones, international broadband, and telecommunications in general have been harmonized, homogenized and replicated all over the world, beyond the reach of governing power structures to modify them.

Amazon.com: Customer reviews: Extrastatecraft: The Power ...

Extrastatecraft: the Power of Infrastructure Space. ESC researches global infrastructure as a medium of polity. Some of the most radical changes to the globalising world are being written, not in the language of law and diplomacy, but rather in the language of infrastructure. Even building enclosures, typically considered to be geometrical formal objects, have become infrastructural—mobile, monetized technologies moving around the world as repeatable phenomena.
