Financial Intelligence, Revised Edition

"Financial Intelligence" is by far the best book from start to finish on interpreting financial statements, what they mean, and how they apply to business that I have read. In the first part of the book, the authors take the reader slowly through each type of statement (income, balance sheet, and cash flow), what the different categories mean on each sheet, and give examples of what these numbers actually mean.

Financial Intelligence: A Manager’s Guide ... - Amazon.co.uk

Since its release in 2006, Financial Intelligence has become a favorite among managers who need a guided tour through the numbers—helping them to understand not only what the numbers really mean, but also why they matter. This new, completely updated edition brings the numbers up to date and continues to teach the basics of finance to managers who need to use financial data to drive their business.
