You can search
Google Books for any
book or topic. In this
case, let's go with
"Alice in Wonderland"
since it's a well-known
book, and there's
probably a free eBook
or two for this title.
The original work is in
the public domain, so
most of the variations
are just with
formatting and the

number of illustrations included in the work.

However, you might also run into several copies for sale, as reformatting the print copy into an eBook still took some work.

Some of your search results may also be related works with the same title.
