Between the Jeppesen Private Pilot Manual and the FAR/AIM, a student has just about everything they would need to complete his or her Private Pilot Training. The illustrations in the book are probably the finest of the flight training manuals that I've seen. The book is expensive, but in my opinion, it's worth the cost.

The selected text for the course was the "Private Pilot Manual" by Jeppesen Sanderson, and I must say that I was very impressed with the book. It is very complete and provides easy to comprehend explanations (normally with useful diagrams, charts, or photographs) that make learning relatively painless.
