Forex is different from equities or futures trading because your broker can choose to trade against you. This is known as B booking. When your broker sends all your trades to the real market or their liquidity providers, this is known as A Booking. In futures or equities trading, all your trades are sent to the exchange and matched with other buyers or sellers.

"ebook" has become a separate noun from "book", with obvious differences in meaning... and there aren't many nouns with odd capitalization or hyphenation like eBook or e-book. So as far as we keep calling the digital version something different from the dead tree version, it's bound to end up as the simple "ebook" instead of some kind of Kwik-E-Mart non-word.
