Reviewing progress on a personal development plan As part of following a personal development plan you will need to include regular review stages to properly review progress on a personal development plan. This can be a formal meeting with a line manager or an informal discussion but one thing that needs to be done when reviewing progress on a personal development plan is to continually identify areas for improvement so that the plan can be updated to get the most out of it.

achievement, learning and experience as a result of a programme of study. This would include progress towards learning goals, progress from the start of the programme and progression towards further study and employment. It would also include progress of a learner in gaining skills for learning and employment.

Assessing, Recording and Analysing Learner Progress and ...

“Progress” is an axiological or a normative concept, which should be distinguished from such neutral descriptive terms as “change” and “development” (Niiniluoto 1995a). In general, to say that a step from stage (A) to stage (B) constitutes progress means that (B) is an improvement over (A) in some respect, i.e., (B) is better than (A) relative to some standards or criteria.
