Principles of nursing practice | Royal College of Nursing

A characteristic of a good nurse is one that shows empathy to each patient, making a true effort to put themselves in their patients' shoes. By practicing empathy, nurses are more likely to treat their patients as "people" and focus on a person-centered care approach, rather than strictly following routine guidelines.

13 Qualities & Characteristics of a Good Nurse | Relias

A good nurse should be an advocate for their patients and predict their needs. Successful communication ability in nursing profession builds up high level of satisfaction while putting off medical misfortunes. Nurses should also listen keenly to orders from their doctors and make notes where necessary (Watson, 1898).
